**March is Women's History Month.  
Let us celebrate and support our sisters in Christ .**

For March 2026, the National Women's History Alliance (NWHHA) has announced the theme: "Leading the Change: Women Shaping a Sustainable Future." This theme celebrates women who are reimagining and reconstructing systems for lasting sustainability—environmental, economic, educational, and societal. It acknowledges the significant leadership of women in building a future that champions equity, justice, and opportunity for everyone.

Women's History Month shines a spotlight on women's accomplishments, their important roles in society, and the ongoing influence they have. We observe this month to honor women's achievements throughout history, their cultural significance, and key moments that shaped our world.
